will sell you GOOD SEEDS at low prices

Owing to high price of labor, and scarcity of good help, combined with high price of land, has caused the growers to advance their growing prices There was almost a failure of all varieties of Beans, and a few other seeds last year, and prices higher. Many sorts are very scarce, and will be higher than hereto-fore. If seeds can be purchased for less money, I want to know it, and I will fill orders as low, or lower than any seed firm in the country if I have the seeds to do it. It is my ambition to keep in touch with my customers and not be undersold by other dealers. All of my seeds are grown by the best growers in this country and Europe, and I sell them at a very small profit. I wish you would compare my prices with those of other dealers, so you will not feel that I want unreasonable prices. I have increased facilities for filling orders. I keep 75 to 85 hands at work, and they often fill fifteen hundred orders per day both large and small for mail, express, and freight. I solicit your orders as soon as possible af ter receiving this catalogue, so there will not be delay during the spring rush of orders. It would equalize the work better than to have a great rush all at once

My seeds have been very free from injury by mistakes of growers and work-hands, but owing to a possibility of errors, or failure of seeds to grow, over which I am unable to control, I hereby in common with all other Seedsmen of the American Seed Trade Association, I give no warranty express or implied, as to description, purity, or productiveness of any seeds I sell. Therefore, subject to the above conditions, and by reason thereof, I have made very low prices.

If the purchaser does not accept them on these terms, they must be returned at once, and the amount paid for them will be returned. R. H. SHUMWAY.

Please REMEMBER! that seeds which are often sold at very high prices are not necessarily any better. It depends entirely on the amount of profit the dealer desires to make out of his customers. In large cities where rent and help are high, an additional profit is added. I have no rent to pay, as I own the three stores I occupy, and help is not expensive here. My seeds are grown as carefully, and of as good quality as can be produced by any professional growers in the world. Having devoted the first thirty five years of my busy life on the farm, I cannot be so unmindful of the welfare of the tillers of the soil, as to attach an unreasonable profit to any varieties I can produce, or secure. I can subsist on a very small profit in the future, as in the past, and my greatest desire is to lighten the burdens of my fellow-men. I will be very thankful for a liberal share of your orders, and I will exercise every effort to make it an advantage to you, and it would be an encouragement to me through my advancing years. I am proud of my 125 000 patrons. Many of them have been my customers for thirty years.

What I pay postage and \exp on.

I pay postage, and express charges, except when selected from the wholesale list, or by the \frac{1}{8} bu. \frac{1}{2}bu. \frac{1}{2}bu. or bu. When a quantity is ordered at wholesale, I reserve right to inclose in the package, such smaller packets as may be included in the order. For this privilege, I add extras to well satisfy my customers, and the addition of the packets

does not increase transportation charges. A liberal lot of

sclected, extra packages, is presented free in each order. The best way to remit money.

When making a remittance, please do not send Checks on local Bank, because it costs too much to collect them. All remittances must be made with the orders; either by Post Office Money Order, Express Order, Bank Draft on New York, or Chicago, Register'd Letter, or any approv'd method. I accept Post Stamps, only when it is impossible to make remittance by any other method. Stamps are not more safe in mail than Paper Money. Sign your name address plainly. R. H. SHUMWAY, Rockford, Ill.

GAR Handy

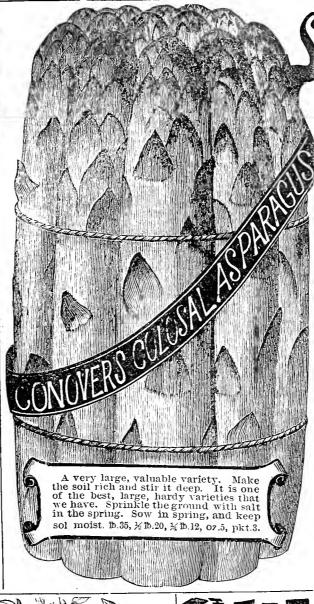

A very large, early, rapid growing variety, producing even perfect shape shoots in abundance. It is well adapted to every state. Grows soon from seed. 15.40, ½ 15.25, ½ 15.15, oz.6, pkt.4

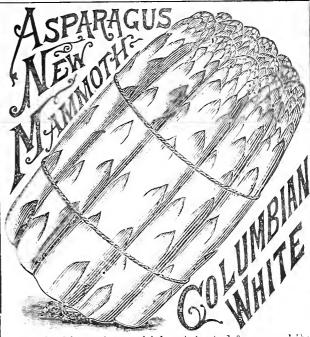

Giant Stringless Green Pod BEAN.

A giant strain of Round Pod Valentine with large, round, fleshy pods, but this variety is entirely stringless at all stages of growth and the pods are brittle, meaty and crisp, and the plants are igorous growers, and wonderfully productive. It is not quite as early as the old Valentine, but it follows closely. There is an enormous demand for this great, and wonderful new variety, as it is not subject to rust and and wonderful new variety, as it is not subject to rust, and never fails to produce a magnificent crop during the seasons most unfavorable for growing beans. Beautiful green pods. ½ bu. 2.80, 4 bu. 1.45, ½ bu. 75, -Mail, qt. 32, pt. 17, ½ pt. 10.

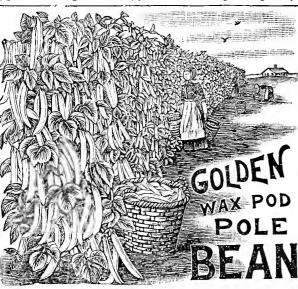

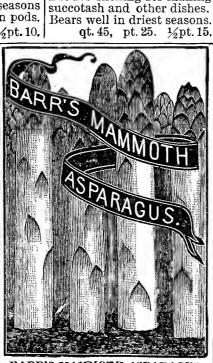

Improved Round Pod Valentine BEANS. Very popular with Market Gardeners. Is an improvement on the old variety. A week earlier, plants uniform, has but few leaves. One of the best green pod varieties for both family use and market. Splendid for shipping, and fine for pickling. Bu. 4.10, ½bu.2.10, ½bu.1.15. %bu.65, Mail, qt. 30, pt. 16, ½Pt.9.

A remarkably prolific grower and a heavy bearing sort with very large and long waxy pods, and is very delicious when cooked. It is a new variety, recently introduced, and is the finest pole sort known. It is very much like the "Old Homestead" in its habit of vigorous growth and profuse bearing, but has waxyqt. 45, pt. 23, ½pt. 12. yellow stringless pods.

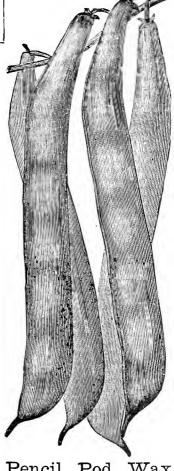

Scarlet Runner Pole Beans.
This makes a very beautiful show in the garden with its clusters of scarlet flowers and the beans are large, and

fine for shelling for making

BARR'S MAMMOTH ASPARAGUS. A large quick growing tender variety and it is considered by many gareners superior to all others in size and radity.

b. 35, %b. 20. %b. 12, oz , pkt, 2, %bull.70, %bull.90, qt. 35, pt. 18, %pt. 10.

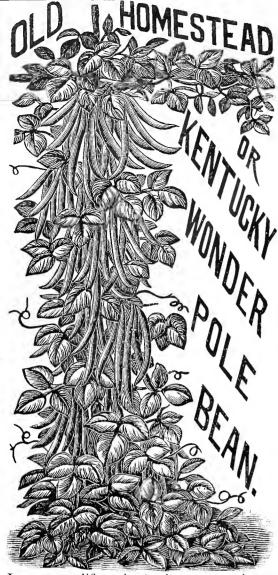

Pencil Pod Wax BEANS.

This has long, round, tender, brittle pods, entirely stringless, and is deep golden color, and very meaty. Very productive and beautiful shape.

to a a a a a a a a a

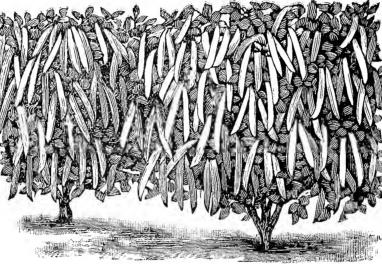

Is a very prolific, robust, vigorous growing sort with long, green, nearly round, stringless, suculent pods, and are crisp, tender, and hang from top to bottom in magnificent clusters. Pods are pulpy, rich luscious and melting. Good for string and shell. \(\frac{1}{4}\text{bu.1.60}, \(\frac{1}{8}\text{bu.85}, \text{qt.35}, \text{pt.18}, \(\frac{1}{8}\text{pint}, \text{10}\).

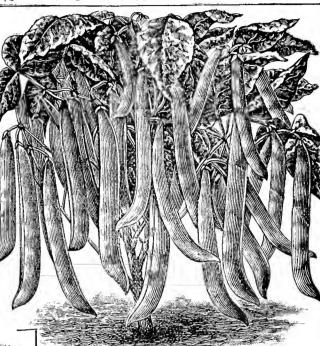

This is the true Large Lima, with the runners dwarfed to a bush form. It is without doubt the most desirable Lima ever introduced. Grows only twenty inches high, branching freely, immense bearer. 3 bu:90, qt.40, pt.22, %pt.12.

Black Seed VALENTINE BEAN. Productive, hardy, long, round, stringless, meaty, well filled pods. 1/2 bu. 3.10, 1/4 bu. 1.60, 1/8 bu. 85, qt. 35, pt. 18. 1/2 pt. 10.

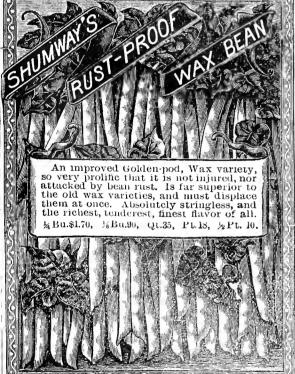

Shumway's White Mexican, or Prolific Tree Bean. This valuable sort has been inflicted with such names as "White Wonder," California Tree, &c. I introduced it from Mexico. It resembles the navy but 2 or 3 in each hill will produce 50 or more bu. per acre. Small, white, beautiful bean, sells well. bu.3.90, ½ bu.2.00, ½ bu.1.10, ½ bu.60, qt.30, pt.16, ½ pt.9.

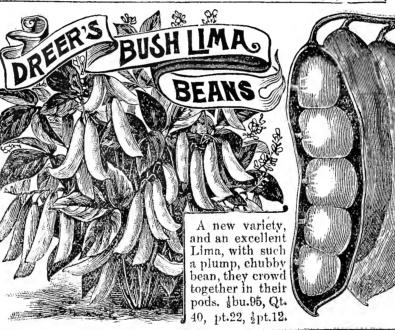

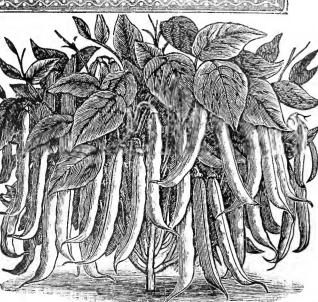

targe White Marrow BEAN. Very hardy, robust plant, bearing large round shape beans. Early, and fine for here culture. Sells well to stores, and good to grow for market. Good for succotash while green. but 4.10, %but 2.10. %but 1.15, %but 65, qt. 30, pt. 16, %pt. 9

White Navy Field Bean. Small white variety. It sells readily in every market. It yields well in any ordinary garden soil but \$9.30, ½but \$2, ½but, 1.10, ½but 60, qt. 30, pt. 16, ½pt. 9.

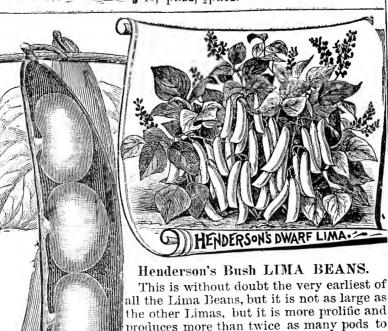

LONG WHITE KIDNEY BEAN. Grand for both field, and garden green shell bean for succotash and also for baking, and a soup sort when ripe, and dried for winter use. Good white sort to sell in stores. But 4.10, %but 2,10, %but 1.15, %But 65, qt. 30, pint 16, %pt. 9.

Currie's Rust Proof Wax Bean. Large, prolific and rust proof as any can be. Perfectly stringless, and crisp. ½bu.3.30, ½bu.\$1.70, ½bu.90, qt.35, pt.18, ½pt.10.

Henderson's Bush LIMA BEANS.

all the Lima Beans, but it is not as large as the other Limas, but it is more prolific and produces more than twice as many pods to each plant. The quality is excellent, being rich and delicious. Plants bear continuous. $\frac{1}{4}$ bu. 1.60, $\frac{1}{8}$ bu. 85, qt. 38, pt. 20, $\frac{1}{2}$ pt. 11.

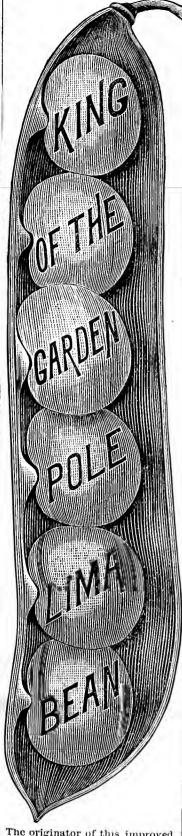

Flagcolet, or Long Pod Wax Bean. Flagcolet, or Long Fod Wax Bean.
A splendid early variety, with long, golden, wavy stringless pods. Very prolific, and remarkably exempt from rust. It is vigorous growing and erect, and the pods are held up well on the bush. A fine mess can be gathered in a very short time.

Du.3.70, **Jul.1.90**, **Long**, qt.38**, pt.25**, **Jul.11.

Crystal White Wax Bean. Pods are a

beautiful ivory white, good size, round shaped and fleshy. Grows quick, slow to harden, and remains succulent and juicy a long time. Good to yeild. ½bu 1.70, ½bu.90, qt.35, pt.18, ½pt.10.

The originator of this improved, and valuable variety, claims greater productiveness, and a far more luxuriant grower, and furnishes a more bountiful supply of enormous size, tender pods; borne in largest clusters. Very rich, green or dry Bu. \$6.10, %Bu. \$3.10, %Bu. \$1.60, %Bu. \$65, Qt. 35, Pt. 18, %Pt. 10.

Scarlet Runner Pole Bean. A well known, valuable variety, and popular in all countries, very rich for shelling, and produces beautiful showy flowers.

Qt. 45, Pt. 25, %Pt. 15.

 Λ vigorous grower, and carries the pods well up from the ground. Very productive, and pods long, straight, waxy-white, and surely rust-proof. Fine for shipping. 4bu.1.90, 4bu.\$1, qt.38, pt.20, 4pt.12.

FORDS WANNOTT WHITE LIMA

A luxuriant grower, is productive, and has mammoth size pods, filled with lots of great big beans. Very finest quality, rich, and luscious. bu. 6.10, ½bu. 3.10, ½bu. 1.60, ²bu. 85, qt. 35, pt. 18, ½pt.10.

NGFET OW GREEN POD SUSHI An early, long pod, brit tle, tend r, 5 to 6 inches in length and when young is stringless. Thick, meaty, hardy, is vigorous grower, and also very productive. bu. 6, ½bu. \$3.10, 4bu. 1.60, åbu.85, qt.35. pt18, åpt10.

Vigorous grower, won-derfully productive. It is very early; white variety, good to cook either green or dry. The pods are en-tirely stringless, is green color, deep crease in back. \$bu90, qt.35, pt.18, \$pt.10.

CREASEBACK

EARLY LONG YELLOW SIX WEEKS BEAN. Early, and is a nice green-pod, snap bean, and liked for its productiveness, and adaptability to soils, and weather. Very hardy and will always bring a full crop. Not injured by spring frosts. Superior for market, as well as family garden. Bu.\$4.10. \$\%\text{bu.}\$2.10, \$\%\text{Bu.}\$1.55, \$\%\text{bu.}\$82.16, \$\%\text{Pt.}\$9. Quart. 38, Pt. 20, \$\%\text{Pt.}\$1.11.

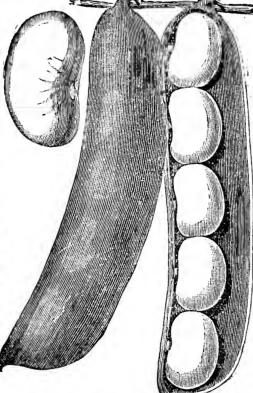

Golden Cluster It produces a long, nice, stringless, golden colored waxy pod. It is early, and bears wonderfully. If the pods are kept picked off and not permitted to ripen, the vines will bear continuously until ruined by frost.

Burpee's Stringless Green Pod BEAN. Rust-proof in all localities as any can be. Vigorous growing, hardy, and productive. Exceedingly crisp and tender, and no approach to stringiness. Sure cropper, pods long, and of delicious flavor. bu.\$6.10, ½bu. 3.10, ½bu. 1.60, ½Bu. 85, qt. 35, pt. 18, ½pt. 10.

A REMARK. Many people have a greater relish for the green pod beans believing them to be a better flavored variety. The wax varieties are very popular in markets.

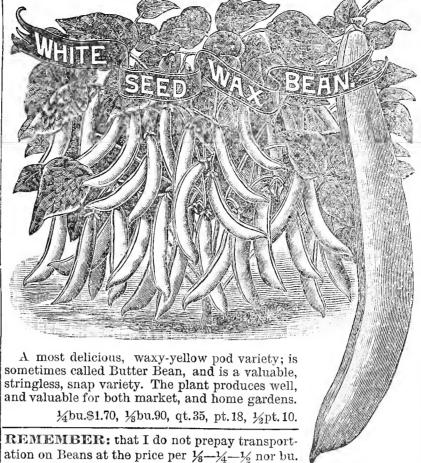

Large Red Kidney BEAN. Good for both shell and dry. It is shown by analysis to contain the same amount of nutritious food as beef steak. It is used extensively for canning purposes. bu. 3.90. ½bu. 2.00, ¼bu. 1.10, ½bu. 60, qt. 30, pt. 16, ½pt. 9

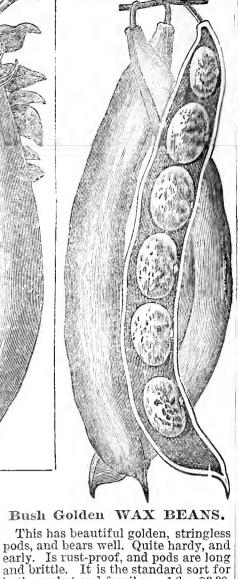

ay Express or Freight elsewhere by the Bu, oz., pkt., qt., pt., ½pt., Large White LIMA POLE BEAN. One of the best large pole varieties, and is disirable for cooking in both its green, and dried state. 1/2 bu. 2.60, 1/4 bu. 1.35, 1/6 bu. 70, qt. 35, pt. 18. 1/4 pt. 10 DREER'S POLE LIMA BEANS.

A splendid sort to shell while green, or for use in its dry state. Long pods. Will grow amongst corn. %bu. 2.00, %Bu. \$1.10, %Bu. 60, Qt. 30, Pt. 16, %Pt. 9.

both market and family.

4 bu.1.70, 18 bu.90, qt.35, pt.18, 12 pt.10

½bu.\$3.30

This is a valuable medium early variety, and it bears abundantly. The pods are long, and very fleshy, succulent green pods and good flavor. One of the best green pod sorts, and very popular with the Southern Market Gardeners. It is equally desirable for northern garden. bu.4.10, ½bu.2.10 ½bu.1,15, ½bu.65, qt.30, pt.16, ½pt.9.

Keeney's Rustless GOLDEN WAX BEAN.

Fordhook Bush Lima Bean.

A stiff, strong grower and very heavy cropper. The pods are produced in clust'rs. Four to six days earlier than others. Bean is tender sweet and juicy, either green or dry, The beans are so closely packed in the pods that the ends of each bean becomes flattened.

½bu, 4.10, ½bu. 2.20, ½bu. 1.10, qt. 45, pt. 25, ½pint. 15.

jure

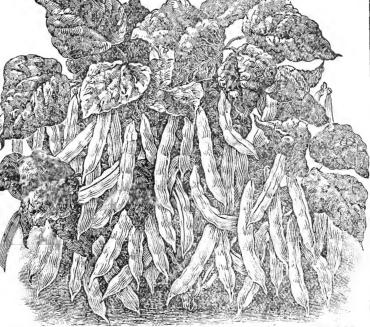

exceedingly productive. Is nice for shelling, and suc-

cotash. Is large, oval shape, plump, and undoubtedly

the best for green shell bean, being rich, and delicious

as Limas. ¼bu.1.15, ½bu.65, qt.30, pt.16, ½pt.9.

Extra Early German Black Seed Wax BEAN.

A very fine bush sort, with round fleshy pods which are golden yellow, and stringles. Its good quality and productiveness makes it a desirable sort for both market and family gardens.

Bu. 6.50, ½bu. 3.30, ¼bu. 1.70, ⅓bu. 90, qt. 35, pt. 18, ½pt. 10.

Challenge Black Seed Wax BEAN.

There is no doubt but this is one of the best of the wax varieties. It is stringless, and has round, tender, fleshy pods of a golden-yellow color. Are very nice for pickling and canning.

Bu. 650, ½bu. 3.30, ½bu. 1.70, ½bu. 90, qt. 35, pt. 18, pt. 10.

Cut-short, or Cornfield PoleBEAN.

This is an old favorite in many gardens. It is the only variety that gives us satisfaction when planted amongst corn. Vines are not so large as to injure the corn. The beas are fine for shelling, or snaps, and for succotash. 4bu. 1.35, 4bu. 70, qt. 32, pt. 17, ½pt. 9.

Yosemite Mammoth WAX BEAN.

Great novelty, monstrous size, enormously long pods of ficshy, solid pulp, and a rich golden color, cooking tender and delicious. Very productive, and the grandest bush variety ever introduced. Well adapted to all sections.

1 1.70, \$bu. 90, qt. 35, pt. 18, \$pt. 10.

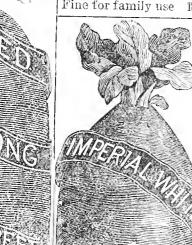

One of the earliest ever grown. Beautiful oval shape, and the color is a rich, dark red. Flesh is fine grain and cooks tender, rich and sweet. Its flavor is superb. Is free from side roots, and smooth and is very beautiful in the market. This sort is as good keeper as the late varieties. Fine for family use 15.60, ½ 15.35, ½ 15 20. oz.7, pkt.4.

WANZLEBEN SUGAR BEET

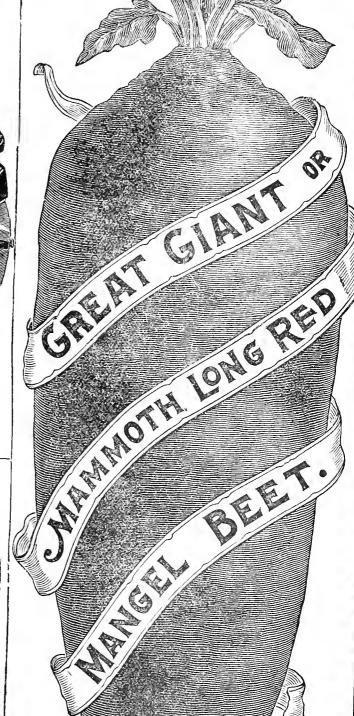

deep red, and finest quality, and popular everywhere. It is tender and sweet, and cooks easily and has but few leaves, and it can be grown closely. 10.55, 110.32, 110.18, 02.7, pkt.4.

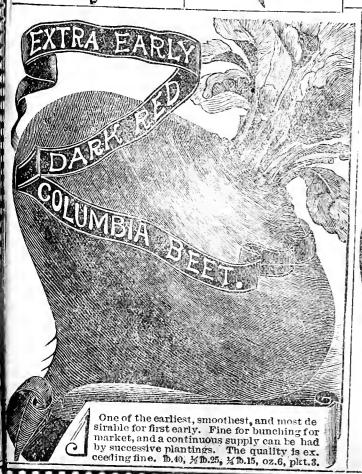

A large, sweet, choice beet, like the Mangels, Grown extensively for feeding stock. Contains a large percent of sugar for producing fat and fine flesh. B. 30, ½ B. 17, ½ B. 9, oz. 4, pkt. 2. (4B. 9, oz. 4,

1/2 fb. 15, oz.6, pkt.3.

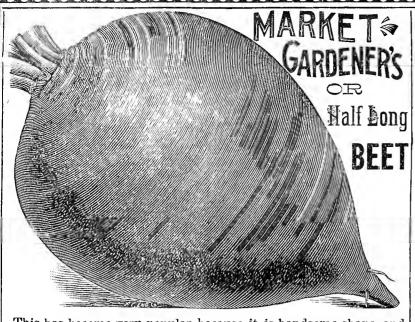

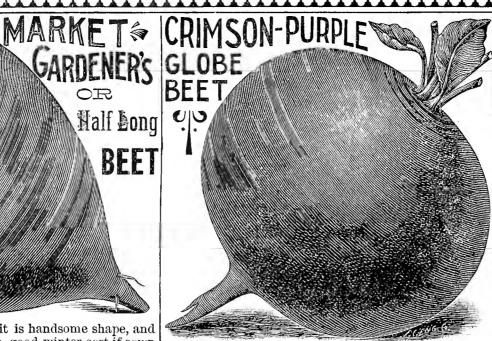

Decidedly a monstrous size Beet, and of regular shape and quality nutritious, and valuable as a stock food; blood-red color, very smooth and decidedly improved strain of Mangles. Plant from first of April to last of June. A good root-crop is essential from which to realize a good profit. b. 30, %b. 17, %b.9, oz. 4. pkt. 2. Long Yellow Mangel Wurtzel BEET. Fine sort and prefered by many. Very large and yields well. b. 30, %b.17, %b.9, oz. 4, pkt. 2.

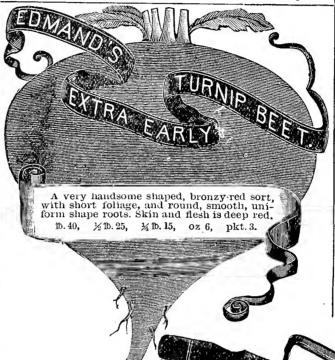

This has become very popular because it is handsome shape, and fine quality. Quick growing and makes a good winter sort if sown late. The roots are deep red, sweet, and very crisp, tender, never woody. Keeps well until spring. \$\frac{1}{2}\$tb.30, \$\frac{1}{2}\$tb.30, \$\frac{1}{4}\$tb.18, oz.7, pkt.4.

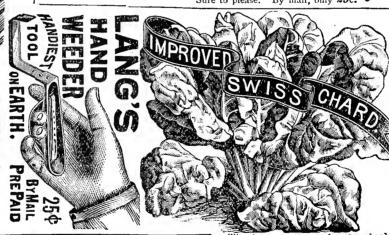

A novelty from England, and one of the finest turnip-shape varieties yet produced. Beautiful color and shape, and its quality is all that can be desired. Sells well, and are excellent keepers. 15.60, ½ 15.35, £1520, oz.8, pkt.5.

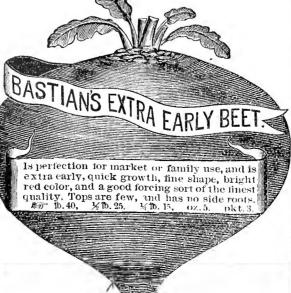

One of the very earliest and the finest in quality, and cannot be surpassed for early bunching, to get in the market first when prices are high. Flesh is marbled or striped with white and a beautiful rose, and the outside is a beautiful medium red. Beautiful shape. 15.40, 16.25, 16.15, oz.5, pkt.3.

RLY BEET.

Remarkably the variety. None has risen so suddenly in the estimation of planters. Has but few roots, is round shape and very smooth, bright red, with few tops. 10 to 40, 16 to 25, 16 to 16, 02.6, pkt.3.

The leaves are used extensively for greens. The stems can be used as Asparagus. Is a healthful food, and should be eaten plentifully b. 50, % b. 28, % b. 15, oz.6, pkt.3

Hazeltine's Hand-Weeder.

Detroit Dark Red Tur. Beet.

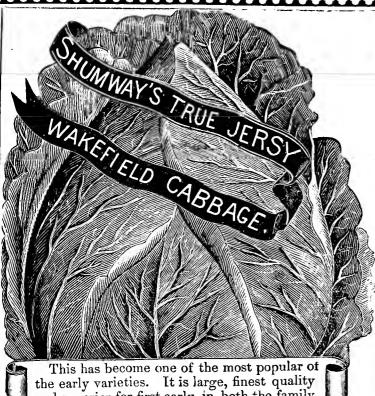

This variety is highly recommended for its earliness, smoothness, and having very small tops, it can be planted much closer than early more bushy

planted much closer than any more bushy. Very dark red, and excellent quality, and admirable for bunching, and is attractive in all of the markets.

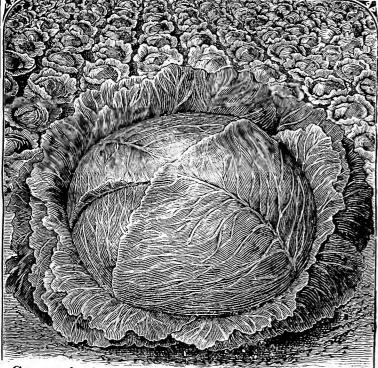

15.50, ½ fb. 30, 1/4 fb. 18, oz. 7, pkt. 4.

REMEMBER!

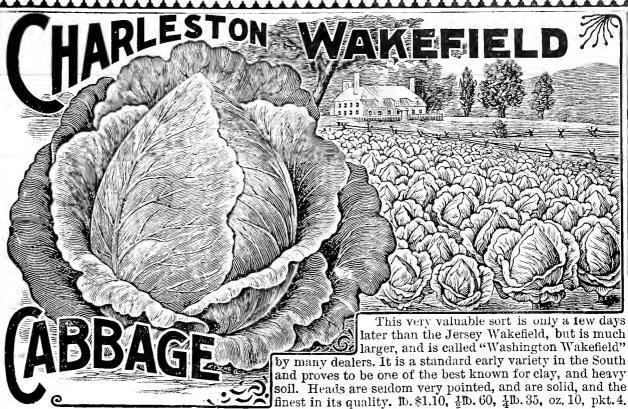

That I will meet the lowest prices you are offered Seeds, and I will cut others prices where it is possible.

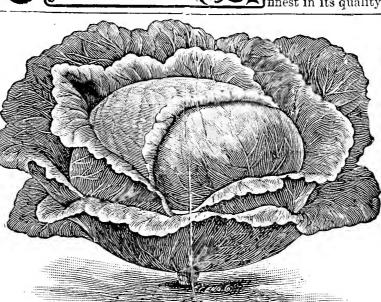

This has become one of the most popular of the early varieties. It is large, finest quality and superior for first early, in both the family, and the market-garden. Very solid; few leaves; sure to head. 1b.1.10, ½1b.60, ¼1b.35, oz.10, pkt.4.

Gregory's All Seasons, or Vandergaw Cabbage. A good second early, to late drumhead sort, with many valuable, and distinctive features, such as reliability of heading, and earliness, with a large solid head, and is one of the largest of all medium early varieties, very rare, solid, and fine quality. D.\$1.00, %D.60, %10.35, oz, 10. pkt.3.

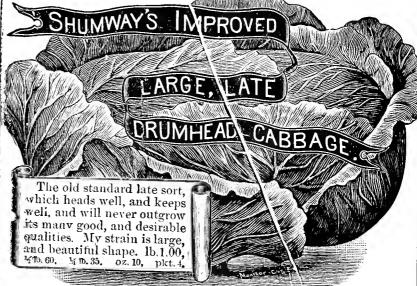

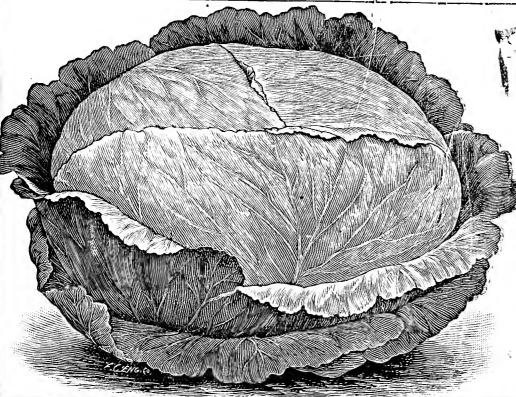

y. fb. \$1.10, ½fb. 60, ¼fb. 35, oz. 10, pkt. 4.

EXTRA EARLY ETAMPES CABBAGE. Without any doubt this is one of the earliest varieties I ever introduced. It is not large, but its extreme earliness, makes it desirable for a first supply, when cabbages are so very scarce. D.\$1.10, %D.60, %10.35. oz.10, pkt.3.

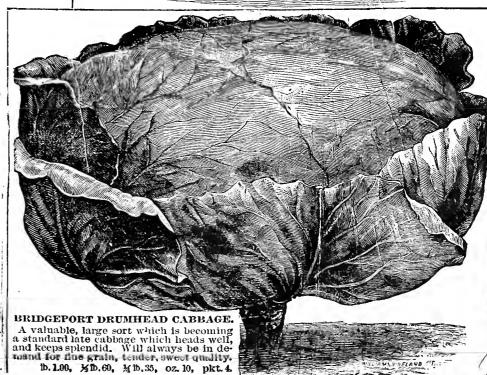

Henderson's Earliest Spring Cabbage. This newest variety has the credit of being very early, and has, a solid head at any stage of its growth. Oval shape, and grows so compact that the plants can be set close together. It has proven to be a valuable variety for both market and the family garden. Crop short. 1b. 1.20, ½1b.65, ¼1b.35. oz.10, pkt.4.

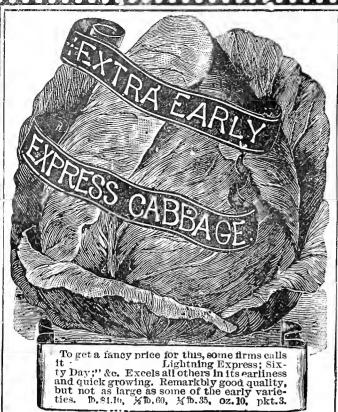

REMEMBER THIS. I present to my customers more extras in the orders than any firm does that I have ever heard of in the world. All my prices will be found to be as low as a good, first class new crop of carefully selected seeds can be sold. It any firm is lower, will meet their prices

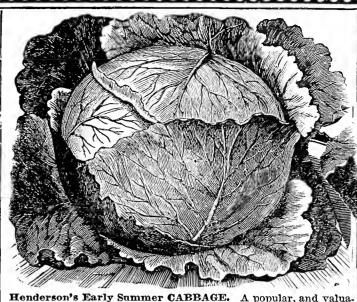

Houseman's Mam. Large Late Flat Dutch CABBAGE. This is sometimes called Mam. Flat Dutch. By many years selecting seed, a perfect header is obtained. It capens white and crisp and is tender and splendid keeper. It contains all the valuable passing to be found in any large late variety. A field of them are uniform in shape and the Heade large and heavy and sells well in market. In 1.10, 1/2 ID.65, 1/4 ID.35, 02.10, 1/4 ID.45.

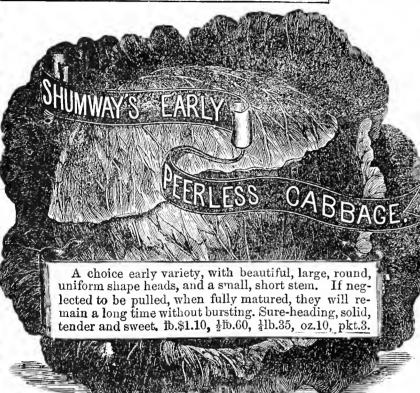

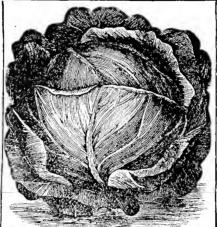

A well known, old standard extra early variety, grown extensively by Gardeners, and admirably adapted to the family garden. Quality fine. This variety is so very solid, and the leaves so close, that worms seldom penetrates them at all. Heads are close; firm, with but few leaves. b.\$1.10, % b.60, % b.35, oz. 10, pkt.3.

Henderson's Early Summer CABBAGE. A popular, and valuable variety, now in greatest demand, and used quite extensively to follow first early, and is popular with Market Gardeners. It is a sure header, and of a large, round, solid, perfect form. Is of superior quality for family, or market. D. 1.10, ½ b. 60, ½ b. 35, oz. 10. pkt3.

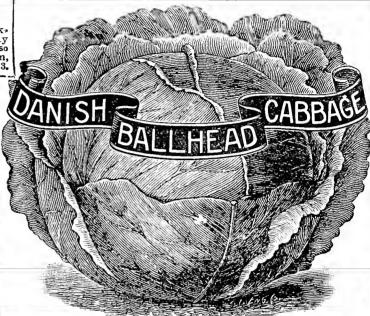

Mam. Red Rock CABBAGE The heads are as large as those of

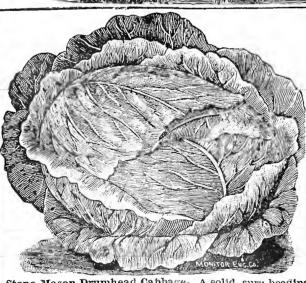

the Flat Dutch, and is a deep red mended for its good quality.

Is a sure header, and excellent long time keeper. Ib.1.10, \(\frac{1}{2}\)Ib.60, \(\frac{1}{4}\)Ib.35, oz.10, pkt.3.

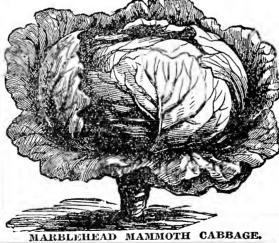

I wish to now impress on your memory the importance of having all of your friends and neighbors send to me for a Catalogue. They can save money buynig from me.

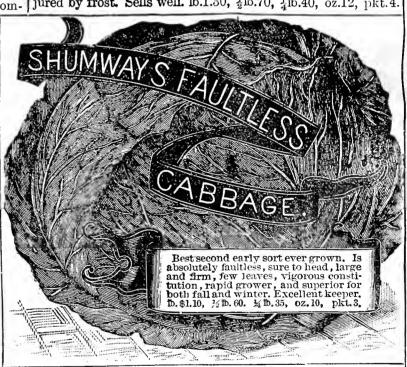

Is of medium size, very solid, and no doubt the best keeper ever grown. Grows on long stems and very hardy, seldom incolor to the center. Highly recom- jured by frost. Sells well. 15.1.30, 15.70, 17.40, oz.12, pkt.4.

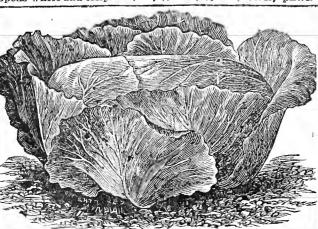

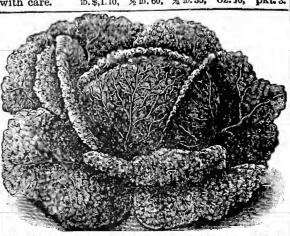

Stone Mason Drumhead Cabbage. A solid, sure heading, late variety, and weighs more than any of its size. Its quality is fine, and known to be good keepers. Grows to good size and opens white and crisp. D. \$1.10, 16.60, 16.53, oz. 10, pkt. &

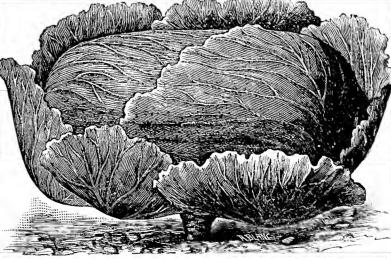

No doubt the largest variety in cultivation, and is well adapted to the south, where it is always sure to grow to an enormous size. They grow to weigh over forty pounds each, in the northern states, if grown with care. b.\$,1.10, %b.60, %b.35, oz.10, pkt.3.

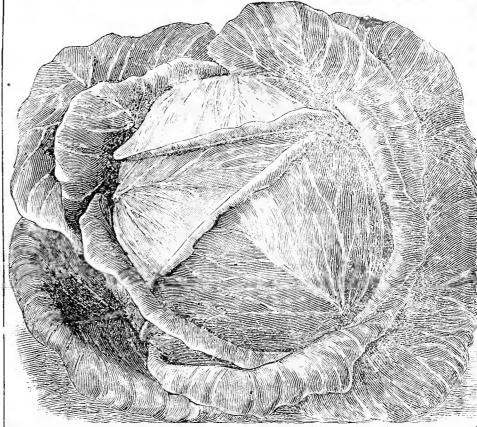

Newark Early Dutch Cabbage. A valuable secondearly sort, with good size, solid heads. Sells well, and are good keepers. D.1.10, ½1b.60, ½1b.35, oz.10, pkt.3. Perfection Drumhead Savoy Cabbage. A late variety of the very best quality. Large size, and fine keepers. The best selling sort on account of are good keepers. D.1.10, ½1b.60, ½1b.35, oz.10, pkt.3.

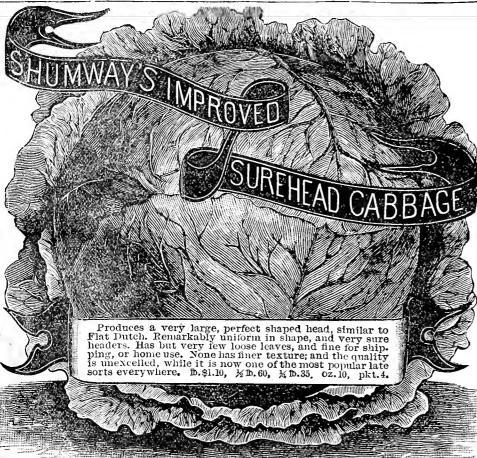

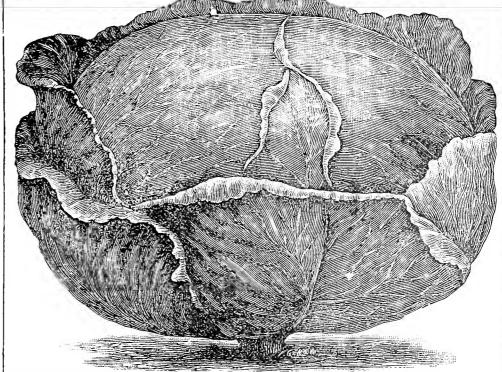

Fotler's Short Stem Brunswick Drumhead Cabbage. All of the heads A medium to late drumhead, of superb quality. are perfect, and much admired in all markets, and for the family garden. They are good keepers, and the quality will compare favorably with the very best. D.1.10, 1/2 Ib.60, 1/4 Ib.35, oz.10, pkt.3.

HENDERSON'S SUCCESSION, or MIDSUMMER CABBAGE. One of the most perfection existance. Can be used both as a summer and late variety by successive plantings. It is a quick growing, and a sure header, and great favorite everywhere. I can recommend this for all Market Gardeners use, and family gardens. D.\$1.10. 10.00, 15.00, 10.00, pkt.4,

Henders'n's Autumn King Cabbage.
Several dealers have called this "World Beater."
&c. I quote it by its correct name which the Introducer gave it. It is one of the best late varieties ever put on the market. Dark green, with but few leaves, which looks crimpled. Grand keeper, and finest quanty tor both nome and market garden. Is white and crisp inside.
b. 110. ½ b. 60. ½ b. 35, oz. 10, pkt. 4.

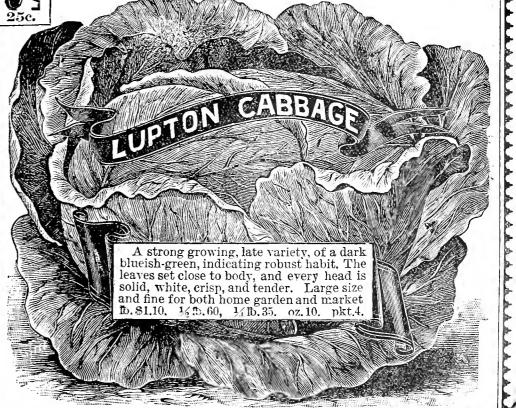

other dealers. I am confident that not another firm can sell as good seeds at so small profit.

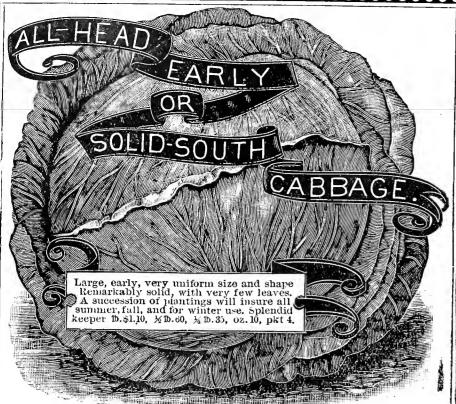

My facilities for the growing "Good Seeds" are unexcelled. If you are offered lower prices, I will reduce my prices to meet any competition.

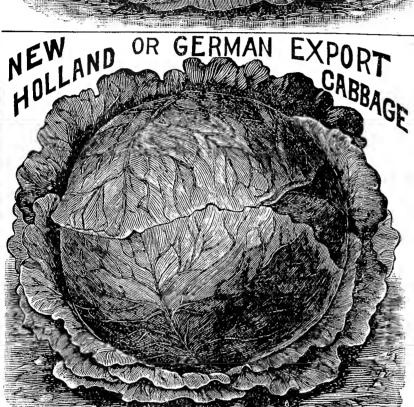

PREMIUM LATE FLAT DUTCH CABBAGE. A splendid, sure heading late sort, well known to all our gardeners and farmers. Splendid quality. It always sells readily wherever offered on the markets. Good keeper, and a profitable variety for growers. It is a good solid sort and opens up white and crisp, and cooks easily and tender. It. \$1.10, \$1.00, \$20.00, \$30.00, \$10.00, \$

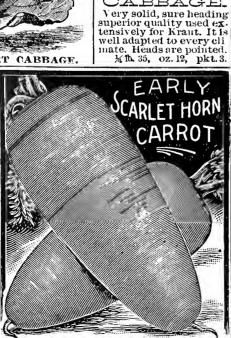

EARLY FRENCH OXHEART CABBAGE

An acknowledged good early variety. The heads are heart shape, tender and finest flavor. They are very sure headers, and grows to a favorable size in all soils and climate. b. 1.30, 126.70, 146.40, 02.12, pkt. 4.

A small, round, earliest sort known. Desirable for forcing, and bunching for earliest market. Has small tops and roots. The quality is most excellent. 15.60, 1/2 1535, 1/2 15, 20, 02.6, pkt.4.

A medium size, hardy sort, that endures drouth or fre'zing that would ruin any other variety. Remarkably good longkeeper So solid that small heads weigh as much as the largest ones of other sorts. A great favorite with market gard-

eners. fb. 1.30, ½fb. 70, ¼fb. 40, oz. 12, pkt. 4. German Filderkraut. CABBAGE

A very fine early variety, with short stump roots. Good size and fine quality, and good yielders. Sells well in the markets, and are excellent keepers.

tarkets, and are excellent keepers. 1b.70, $\frac{1}{2}$ 1b, 40, $\frac{1}{4}$ 1b, 25, oz. 8, pkt. 4.

The only early long variety ever produced. Fine

for earliest forcing; grows rapidly and is firm in its texture, and gives a greater weight of roots than shorter sorts. Early markets pays best Prices are highest.

fb.1.25, ½fb.70 ¼fb.40, oz 12, ρkt.5.

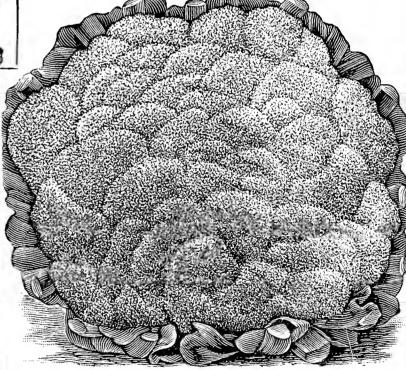

Early Large York Cabbage.

A good old well known, ned ium size, early English variety which heads well, and are of a heart-shape form, and are prefered by many to those of later introduction. I sell it cheap because the seed is not costly, so it can now be sold very cheap.

Henderson's Extra Early Snowball CAULIFLOWER.

None can be earlier, and the quality is excellent, being very tender, and delicious when cooked. Fair size, and a sure header, The curd is of snowy whiteness. The plants can be grown close together as the leaves set close to the head. \(\frac{1}{2} \) tb. \\$5.50, \(\frac{1}{4} \) tb. \\$3, oz. \\$1, \(\frac{1}{2} \) oz. 60, pkt. 10.

Extra Early Favorite CAULIFLOWER. A popular early variety in Europe, and gives perfect satisfaction in all countries. The head is white, delicate, and tender, and equal to the Snowball, which it resembles both in its shape and earliness. ½15.\$3, oz.85, pkt.10.

Veitch's Autumn Giant CAULIFLOWER. Very large, and the heads are white, and well protected with a plentiful supply of leaves, which preserves it fit for use a long time. It is firm, and is compact in the shape. ib. \$3.75, \frac{1}{2}\text{lb.} \$2, \frac{1}{4}\text{lb.} \$1.25, oz. 40, pkt. 5.

Early Paris, or Nonpareil CAULIFLOWER.

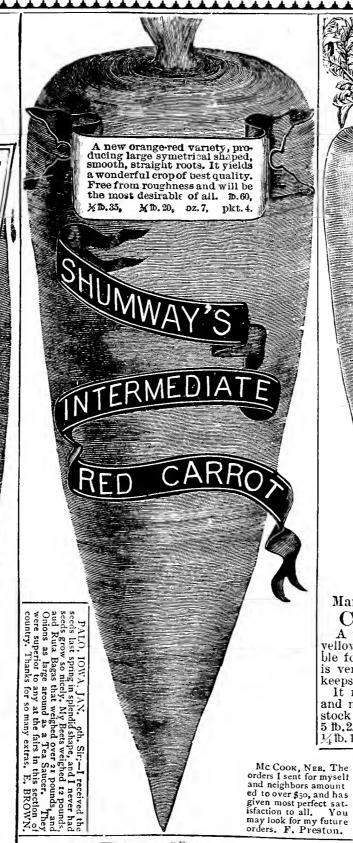

One of the very best in every respect, and it is a very sure header. It will stand almost any climate. Very white, sweet, and tender. Is a very desirable variety for early forcing for market. D.\$325, %D.1.75, %D.\$1, oz.30, pkt.5.

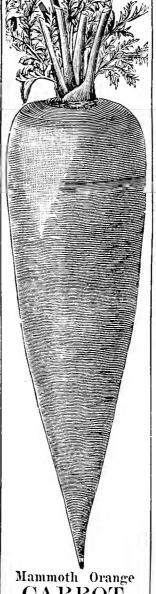

Early London CAULIFLOWER. Is very good in all respects, and is a well known, standard sort in all the principal markets. Give them a moist, or wet location because it is best for Cauliflower. Is a very good variety for forcing, and well admired. 12.3.35, ½ 15.\$1.75, ½ 15.\$1, 02.30, pkt. 5.

Large Late Lenormand CAULIFLOWER. Best late variety. The large eurd is well protected by the leaves. It being very hardy it stands drouth well, it is always considered a sure header of fine quality. 1/2 D.1.75, 1/2 D.1.75,

Large Late Walcheren CAULIFLOWER. It is a very nice standard variety, and is universally planted in every country. It is large size and is of the best quality, and quite hardy. \(\times 10.1.75, \times 10.1, 10.30, \) pkt. 5.

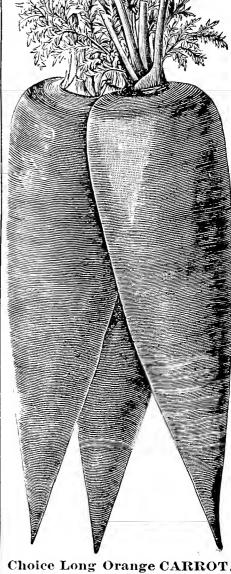

CARROT.

A very large orange yellow sort and desirable for feeding stock. It is very productive, and keeps remarkably well.

It makes a healthful. and nutritious food for stock of all kinds.

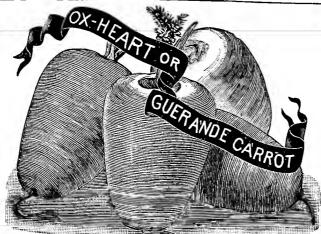

5 lb. 2.40, lb. 50, 1/2 lb. 28, |1/4 lb. 15, pkt. 3.

The well known, standard sort for general table use as well as feeding to stock. Dairymen esteem them for feeding cows, and also it is a valuable food for sheep. There is no better food in winter for horses, and other stock, than carrots cut small, then sprinkled with a little salt, and fed with meal, or bran. Try it, and you can realize a great profit.

1.60. 1.15.35, 1.15.20, oz.7, pkt.4.

CLEARFIELD, IA, FEB. 17th. Sir: -This is the fourth season I planted your seeds. I have had the very best success with them. Send these as ordered on this list, with extras as before. S. A. H.

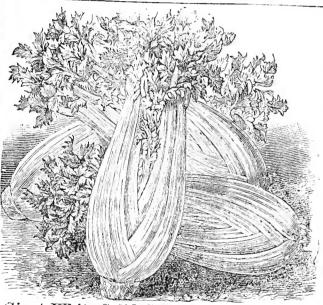

It insures an immense yield on account of broad, heavy shape. The table quality is fine, and they sell well in the City markets. Owing to its short, or stump root shape it is easily pulled. Very smooth, and most element shape. A fine variety for shallow soils. Will become a standart sort. B. 60, % B. 35, % B. 20, 02.1, pkt. 4

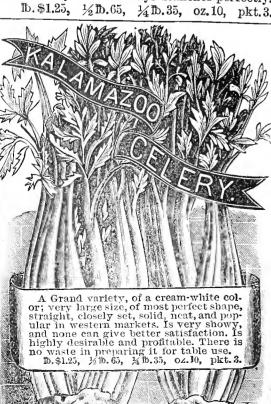

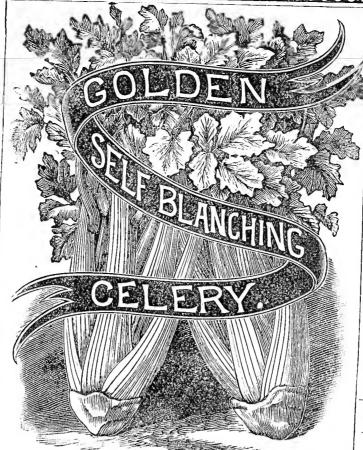

Giant White Solid CELERY. An improved strain of White Solid. Very crisp; tender, delicate, rich flavor, and is very compact growing, and is a good seller in any market. Growers say that it always blanches perfectly.

A very distinct, valuable variety. It has large, straight, vigorous stalks, and does not require but little banking up to blanch. Very solid, crisp, delicious, delicate, nutty flavor. Golden-waxy tinted inside, and it is now very popular everywhere. It makes a very healthful, and delicious salad. By reading the instructions in many catalogues you will see that it is not a difficult matter to grow good Celery successfully everywhere.

D.\$1.50, % B.80, % B.45, oz.15, pkt.5.

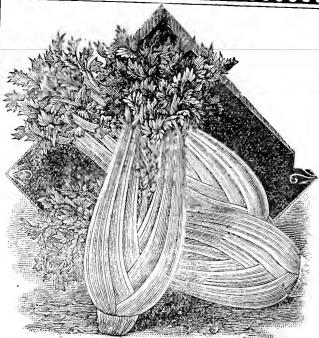

New Giant Golden Heart CELERY.

New variety, and delicately tinged

Crawford's Half Dwarf CELERY. Vigorous growing, and surpasses many of the larger sorts, both in quality and rich nutty flavor. Blanches readily, and stalks are heavy. fb.\$1, ½fb.55, ½fb.30, oz.10, pkt.3

Heartwell Perfection CELERY

Is a very strong

Is a very strong growing sort, and white, which blanches easy, and succeeds well in all soils, and it cannot be surpassed for all market, or home use.

The flavor is surprisingly delicious, rare, and fine. It cannot be too highly recomment coolingly recommentative saily grown because it is one of the most healthful, and delicious salads. b.l.lo, 1/4 ib. 60, 1/4 ib. 35, oz. 10, pkt.3.

BOST'N MARK'T CELERY.

BOST'N MARK'T CELERY.

BOST'N MARK'T CELERI.

An extra fine, half-dwarf, white, quite popular variety of fine quality and is of bushy habit. Excellent for markets where a medium size is in demand. Fine flavor, and very tender.

D. 1.10, yery tender. b. 1.10, % b. 60, % b. 35, oz. 10, pkt. 3.

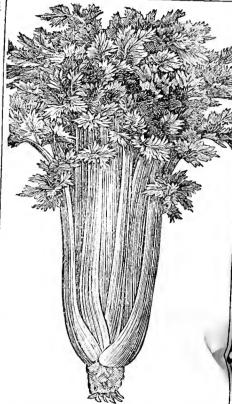

New White Walnut CELERY.

A beautiful clear white, with a rich, nutty flavor, hence its name. Compact grower, and admired by every lover of fine flavored celery. 15.90, 1/2 15.50, 1/4 15.30, oz.10, pkt.3.

Dwarf Golden Heart

CELERY.

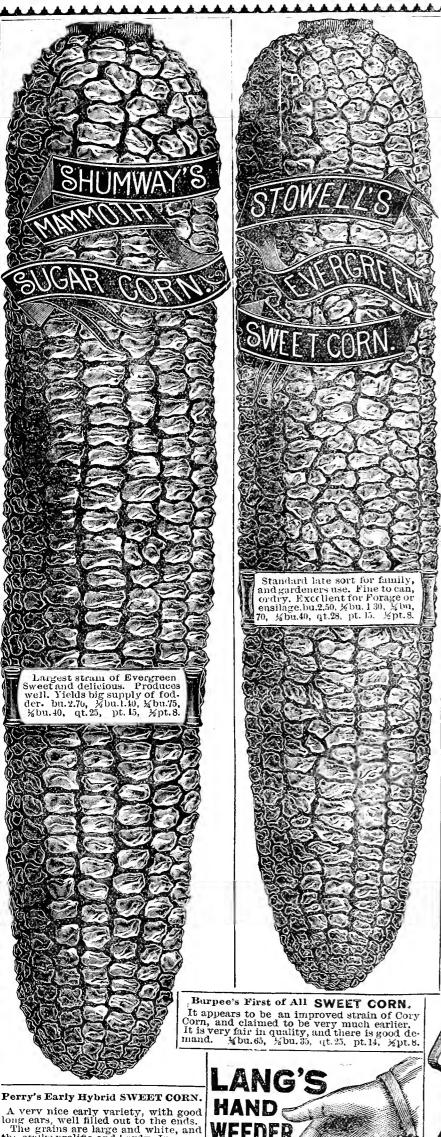

A standard sort with all Gardeners, and is popular with Growers at Kalamazoo, Mich. ½ fb.50,

This is one of the best quality of winter sorts. Is attractive on the market, and a ready seller. Very dark green, and flesh is dry and sweet. Very hard shell which insures its long keeping qualities. The highest price can be gotten for them in the early spring markets, \$\overline{b}.50\$, \$\frac{1}{2}\overline{b}.30\$, \$\frac{1}{4}\overline{b}.18\$, oz. 7, pkt. 4.

New sort of great merit. Handsome, but not large. They vary in color, but the quality is excellent. The flesh is a deep orangeyellow, and cavity small. Can be used as a summer, or winter Squash. Very dry, and sweet. fb.50, ½fb.30. ¼fb.18, oz.6, pkt.3.

Mammoth White Bush Scallop Summer SQUASH. A grand improvement produced in this, and is wonderfully prolific, and grows to an immense size for a summer sort and will supplant others. 15.50, 1315.30, 1415.18 oz 6, plt 3

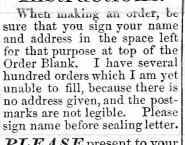

PROLIFIC ORANGE MARROW SOUASH. Very early for so large variety. It is one of the best selling sorts in the market from August to January. Beautiful orange color and prolific. Splendid, rich, sweet, and dry.

[b.50, %b.30, %b.18, oz.6, pkt.3.]

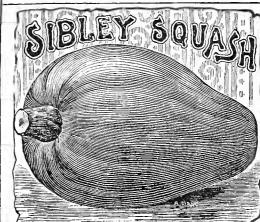

Instructions.

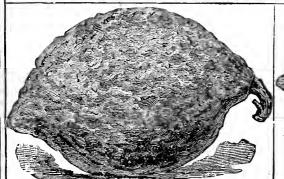

PLEASE present to your neighbors the extra copies of my Garden Guide which you receive. All your friends can buy "Good Seeds cheap."

A very large, new, early summer variety, which is extra nice to use in its green state, and nice for Pies when it has grown to its full size. The golden-yellow color makes it very attractive, and much admired by all. 10.50, 1/10.30, 1/10.18, 02.7, pkt.4.

Some Dealers calls this Pikes Peak Squash." It is one of the best keepers, and the finest quality. The desh is solid, thick, sweet, and a beautiful or ange color. b. 60, % b. 35° ½ b. 20, oz. 8, pkt. 4,

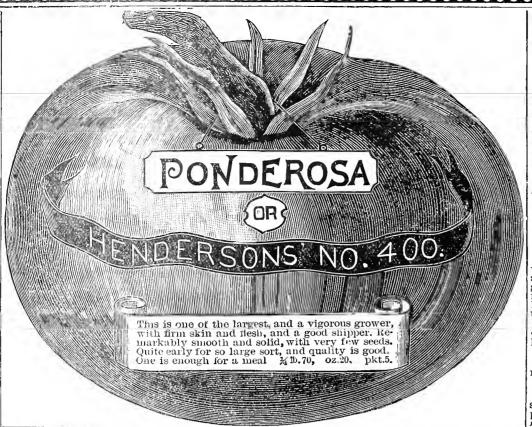

Boston Marrow SQUASH.

Has thin, soft shell, flesh tender rieh, and sweet.

Fine for fall and early winter. Beautiful orange, yellow color, is a guarantee that they will be good sellers in market. \$\mathbb{b}\$.50, \$\notin \mathbb{b}\$.30, \$\notin \mathbb{b}\$.18, 0z.6, pkt.3.

Marblehead Squash. Fine grain; sweet, dry; rieh, and splendid flavor. A good keeping, winter variety Shell is very hard, and the squashes will bear a great absolutely free from any yellow color, is a guarantee that they will be good sellers in market. \$\mathbb{b}\$.50, \$\notin \mathbb{b}\$.30, \$\notin \mathbb{b}\$.18, 0z.6, pkt.3.

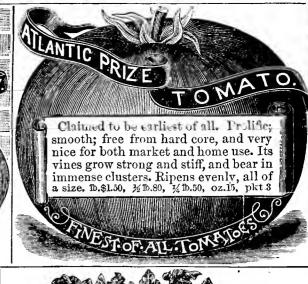

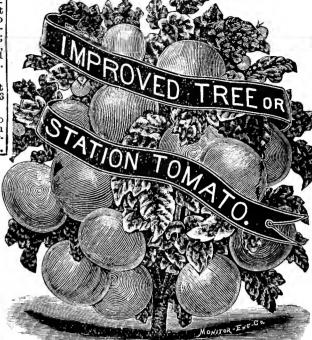

A beautiful, and valuable berry, which is excellent for Preserves and Pies; also when dried in Sugar they make an excellent, sweet fruit to put in Cakes &c. Equal to Figs, Citron, Raisins, &c. Is sometimes called a Strawberry Tomato; Winter Cherry; Ground Cherry, &c. Grows about a foot high, and perfectly covered with nice fruit.

Golden Husk Tomato A very sweet sort, and does not require much sugar. oz. 15, pkt. 3

Purple Husk Tomato. Larger than the Golden, and also slightly tart, for which it is often preferred by those who are a favorate of this fine fruit. oz.15, pkt. 3.

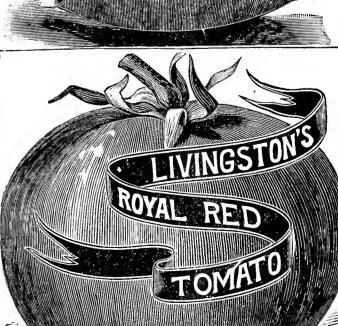

This originates at the New York State Experiment Station, by crossing the French Tree, or De Laye, with the Alpha, and distinguishable from others by its short, stiff stalk which never requires any supports, but stands up erect like a tree. The fruit contains but very few seeds Solid; smooth, and the fruit is a beautiful; glossy; bright red color, and is excellent quality.

**The Property of the Property of the

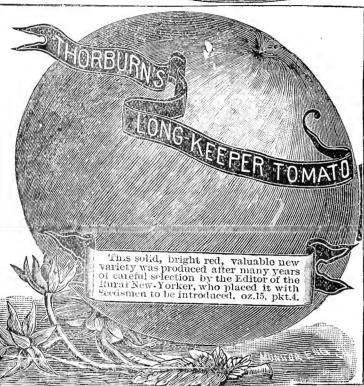

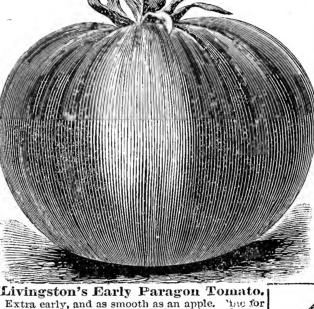

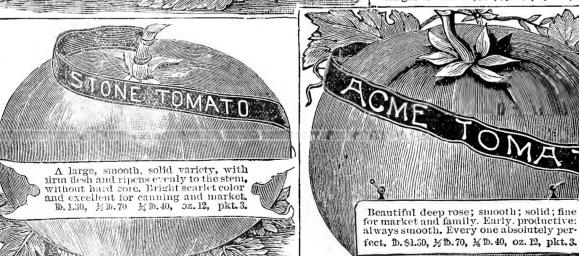

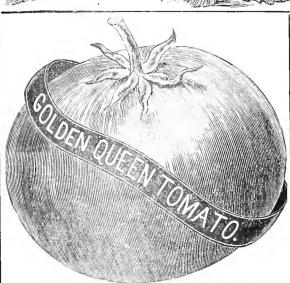

Very large, and one of the best for main crop. Beautiful red color, and of great value for canning, and catsup; and for market, and the family garden. Very handsome, and a very good seller. Ib.\$1.50, ½ lb.80, ½ lb.50, oz.15 pkt 3.

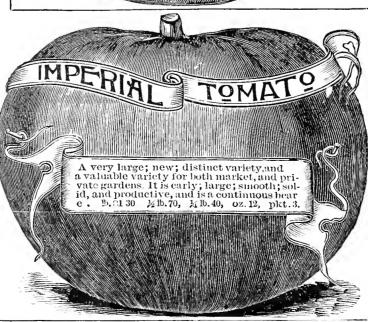

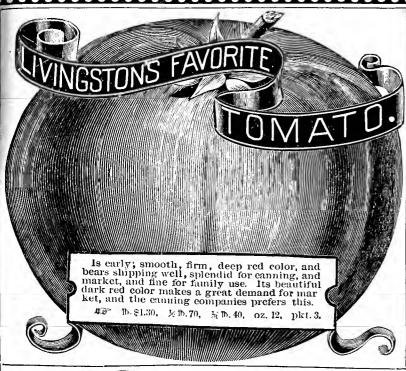

Livingston's Early Paragon Tomato. Extra early, and as smooth as an apple. 'but for table, canning, or market. Bright, glossy crimson-red. Large size; productive, and it has thick colid flesh. Sells well while green for pickling. Popular with gardeners. b.\$1.30, % b.70, % b.40, oz.12, pkt.4.

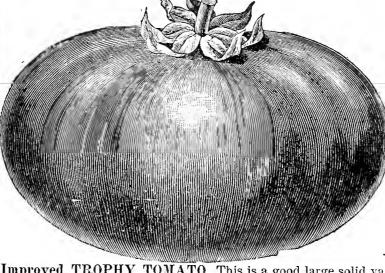

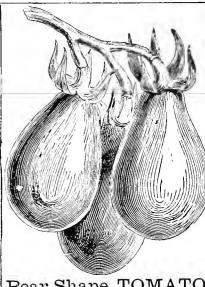

A very perfect and improved strain of the Golden Trophy. Sweet, and very nice to eat from the hand. It is early; smooth, and excellent for preserves, and slicing for the table, more they will contrast so nicely together with the red exts. 18,50, oz. 15, pkt. 3. together with the red

Improved TROPHY TOMATO. This is a good large solid variety of deep red color and is admired for market and canning, also for cooking or slicing for family use. tis very productive and one of the best late varieties. 15.1.20, 16.65, 415.35, oz.10, pkt.3.

Pear Shape TOMATO

This is a wonderfully productive variety, and is very ornamental on the table. The yellow variety makes a rich looking, beautiful golden color pre. serves, and the red variety is equally as fine and desirable to those who prefer a red color. The seed is not as large as other varieties. Yellow Pear, oz. 15, pkt. 4.

PEACH TOMATO.

oz. 15, pkt. 4.

Red pear,

This has been quite a remarkable novelty since its Brst introduction. The public had admiration for it. Very distinct, and is hand-

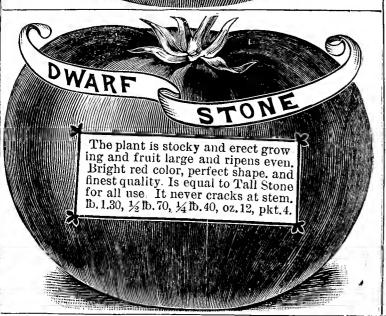

some sort, and is very uniform in size, and is peachshape, and deep rose color.

The skin peels off readily. Nice to eat from the hand. Very tender and delicious, and entirely free from core.

11b.60, oz.18, pkt.4.

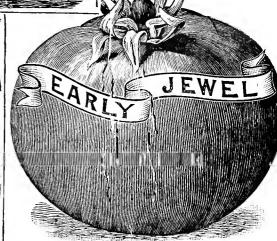

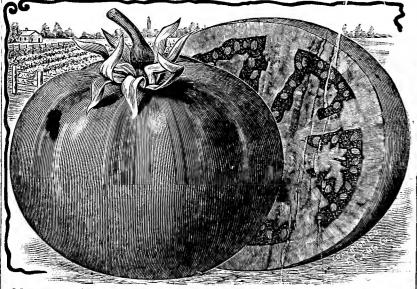

This is claimed to be one of the earliest varieties known,

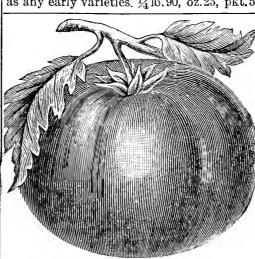

but the color is pink instead of red. The quali ty is equal to any variety, and the color is more pleasing to many people. It is large as any early varieties. 14 fb. 90, oz. 25, pkt. 5.

Chalk's Early Jewel Tomato. Large early variety producing large quantities from the start when markets are high. Fruit is bright scarlet. Foliage being open admits sun to ripen quickly. Finest quality for all uses. ib. \$1.50, ½ fb.80, ¼ fb.50, oz.15, pkt.4.

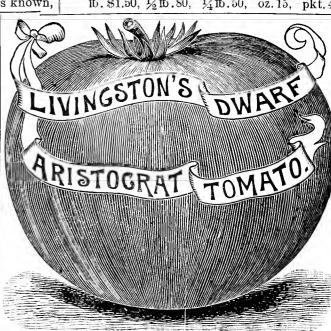

Shumway's Garden King TOMATO. This is the very best of all Beautiful ruby-red meaty variety and is one of the finest for the table, market, or canning. It is exceedingly productive, early, solid, and attractive shape and beautiful color The quality is equal to any and surpassed by none. b.\$1,90, ½ b.\$1, ¼ b.60, oz. 18, pkt. 5

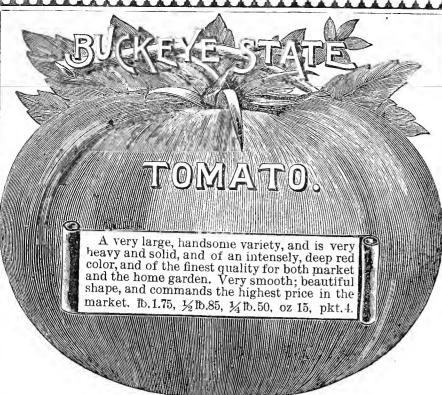

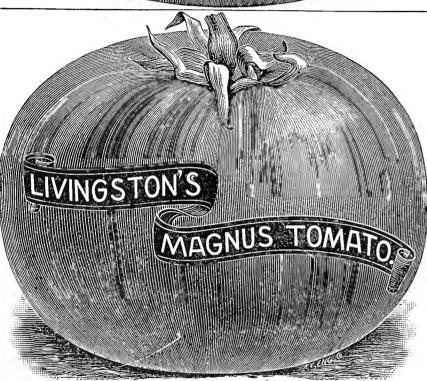

Spark's Earliana TOMATO.

A very popular variety, of good size for one so early Market gardeners use of this quite heavily for first early. Is smooth and solid and splendid quality. Bright red color

The folige, and habit of growing is the same as Dwarf Champion, but the fruit is a beautiful glossy red and has a rich flavor, and is solid, smooth, and productive. Fine 1b. \$1.30, ½ 1b. 70, ½ 1b. 40, oz. 12, pkt. 3. for all purposes. 1b. \$1.50, ½ 1b. 80, ½ 1b. 50, oz. 15, pkt. 4.

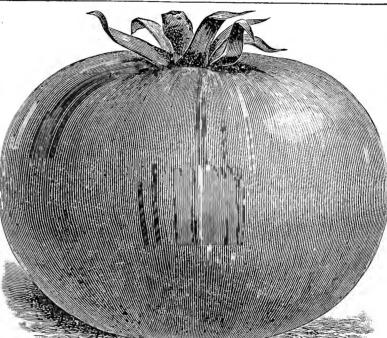

A new, very fine, large variety, the color of Beauty and Acme. Very prolific, and a continuous bearer until cut off by frost. Very heavy and solid with firm flesh, and grows in large clusters. The fruit is deep, and almost round. It ripens even and does not crack. The shape is uniform, perfect, and attractive. It is highly recommended for greenhouse forcing, as well as for outdoor cultivation. Is a sure cropper \(\frac{1}{2} \) fb. 50, oz. 15, pkt. 4.

Henderson's Ext. Early Freedom Tomato.

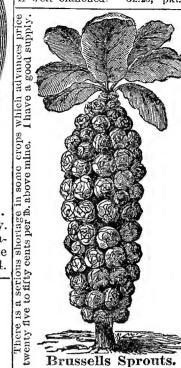

This new variety ripens its fruit evenly, and bears plentifully. Grows in large clusters. Color is bright dazzling scarlet, and flavor superb, and free from acid. It is solid, and ships well. None can be earlier unless very much smaller. 47b. 50, oz. 15, pkt. 4.

Henderson's Crimson Cushion TOMATO. Very large, brilliant scarlet crimson color, and ripens well up to the stem. It is solid and meaty, with few seeds, and is an excellent table variety. It is productive, and early for so large variety. oz. 15. pkt 4.

Large Leaved DANDELION.
An improved large variety from France, and grows to large size It is liked very much for greens, and it makes an extra nice salad if well blanched. oz.25, pkt.4.

The heads resembles a lot of very small Cabbages growing on the stalk. They are delicious when cooked the same as Cabbage. They are also very nice to use for greens. Frost improves them. oz.7, pkt, 3.

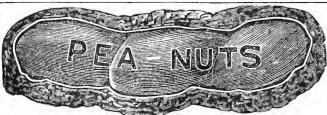

LANGIS
HAND
WEEDER.
My Price
Only 25.

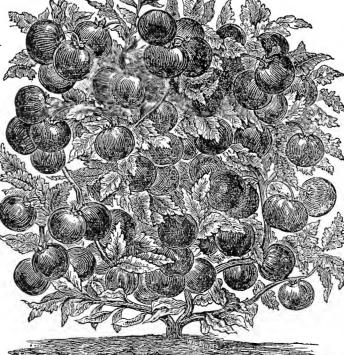

This new sort is first green, then white and then yellow, finally changing to beautiful red when ripe. It never cracks open while growing, and is a long keeper, and splendid shipper. Its quality for the table is excellent, and equal to any variety. oz.15, pkt. 4.

Plant in a warm location if possible, and when runners are a foot long cease cultivating b. 25, ½ b. 15, ¼ b. 8.

DWARF CHAMPION, or BUSH TOMATO. In this sort we have a compact, upright, early, and absolutely smooth sort, which will yield more to the acre than any I ever saw. Rosy-red color, and finest quality. Can be set closer than others, as they require no support. Solid, skin tough. b.\$1.50, ½ b.80, ½ b.50, oz.15, pkt.4.

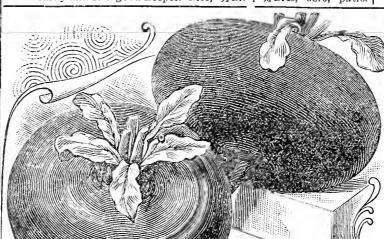

EXTRA EARLY MILAN TURNIP. A valuable new variety, and fully a week earlier than any other. Medium size, excellent quality, and a red, or purple top and short leaves. Pure white flesh; fine grain; cooks easily and is a good keeper. b.50, %b.co, %b.18, oz.6, pkt.3.

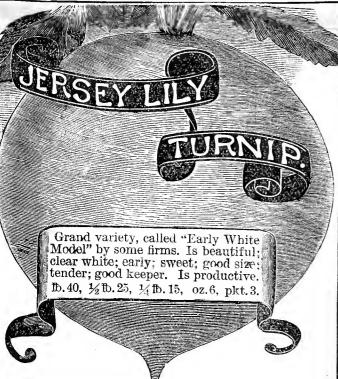

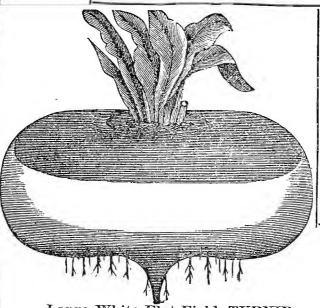

A medium size extra early cardinal, or pinkish-red variety, with a clear white inside, and the flesh is solid, but very tender, and is great si fine grain, d and sweet. Fine to bunch for market. Tops are small. I fences.

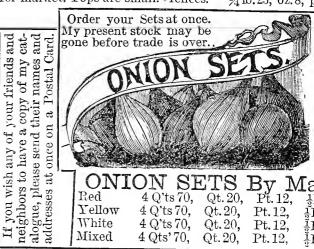

Hercules GOURD Also called Club Gourd. Is a great sight when trained over tences. ¼ lb. 25, oz. 8, pkt. 3,

Magnificent for a general crap for faurily use, and feeding stock. Are splendid keepers; productive, and fine quality. Sow early for summer; late for fall keeping. D.40, % D.25, % D.15, oz.6, pkt.3.
